Mumbai, Maharashtra | +91 6388033807 | [akshadagupta59@gmail.com](mailto:akshadagupta59@gmail.com) | [www.linkedin.com/in/akshada-gupta](https://www.linkedin.com/in/akshada-gupta)

## Objective

Highly motivated Computer Engineering graduate with honors in AI and ML, seeking a dynamic role to leverage my skills in artificial intelligence, machine learning, and software development. Committed to driving innovation and advancing technology in the industry.

## Experience

### Freelancing | Website Development

Wix | WordPress

- Developed a fully functional **E-Commerce Website** (2022)
- Developed a **Portfolio Website** (2023)

### Freelancing | Digital Marketing

- Facebook and Instagram Advertisement

## Education

### B.E. in Computer Engineering with Honors in AI-ML

A. P. Shah Institute of Technology | Mumbai University | 2021-2025

CGPA: 8.3/10

### HSC

Hind Angels Public School | 2019-2021

Result: 80%

## Skills

**Programming Languages:** Python, JavaScript, HTML, CSS

**Database:** Mongo DB, MySQL

**Web/Frameworks:** React.js, Node.js, Express.js, Tailwind CSS

**Soft Skills:** Problem Solving, Team Collaboration, Leadership, Critical Thinking

## **Projects**

### **Real Estate Marketplace using MERN stack**

Developed a modern real estate website using the MERN stack, utilizing MongoDB for dynamic data storage and Node.js/Express.js for efficient backend operations. Implemented Firebase Authentication for secure Google login and created a responsive React.js frontend to improve user experience. Features included automated rental agreement generation and comprehensive loan application functionalities.

### **Virtual Painter using Open CV**

Developed 'The Virtual Painter,' a project that blends traditional and digital art through an intuitive interface. Utilized Python, OpenCV, and NumPy for advanced image processing and UI design, enhancing user creativity and experience in digital art creation.

### **Venue Booking System using PHP, JS, MySQL**

Developed a comprehensive Venue Booking System using PHP, MySQL, and JavaScript, enabling efficient user authentication, venue management, and booking capabilities. Incorporated D3.js for detailed booking analytics and ensured adherence to data privacy regulations.

## **Certifications**

Oracle Academy Java Programming
